

USER MANUAL

Retractable Ratchet Straps

INSTRUCTION

1 Ensure the integrity of the product

Remove the product from its packaging and check if it is undamaged and ready for use. Return to seller if any damage is visible.

2 Press the RELEASE button on the handle to push it down to the end.

3 Pull the handle fully down to unlock the strap, pull the strap out, and then use the S-Hook on its end to secure it to an anchor point.

4 Move the handle back and forth to remove excess slack.

5 Fully push the handle down to the end, then press the top RELEASE button, the strap will retract automatically.
